Duncan Hunter Statement Regarding Rep. Simmons

Washington, D.C. --- Today, U.S. House Armed Services Committee Chairman Duncan Hunter released the following statement regarding Rep. Rob Simmons (R-CT):

“The U.S. Congress and the American people have lost, in Rob Simmons, a superb legislator and public servant, a man with unequalled experience in both the military and our intelligence services. Rob Simmons is, in my view, a great public servant and a national asset for America. May God truly bless Rob and his family.”
